

Y9 Option Choice consultation appointments

Tuesday 09 February 2021: 1.30 - 5.30pm

Welcome to the booking information page for our Y9 Option Choice process.

These appointments have been set up so that if you have **read** the on-line Options brochure and **watched** the option subject videos, and you still have questions that you feel need to be answered, then please book an appointment through the *school Cloud* system.

All appointments will be on-line through the video link in the School Cloud system. So, to be able to use the appointments, ***you will need access to a camera and a microphone on whichever device you are using.***

Appointments will be 5 minutes in length, so please think carefully about any questions you may have, prior to attending the on-line appointment.

Step 1: Click on the School Cloud link

Step 2: Complete the information on the Log-in page.

On the Log-in page you will need to input your name with your child's name and date of birth – you will then be able to see which staff are available.

Step 3: Only select the individual teachers from the list below, for the subject areas that you specifically want to ask about.
